

## RigNet Signs Long-Term Agreement with Northern Offshore

February 10, 2020

HOUSTON, Feb. 10, 2020 (GLOBE NEWSWIRE) -- RigNet (NASDAQ: RNET, the "Company"), the leading provider of ultra-secure, intelligent networking solutions, announced today that it has signed a long-term agreement with Northern Offshore, a global offshore drilling company, to provide various services to their fleet of rigs in the Middle East. Under this agreement, RigNet will provide several solutions including VSAT Managed Communications Services, CrewFlix Video on Demand, CrewHotspot internet, and Enhanced Cyber Services (ECS).

"RigNet has demonstrated their ability to meet our expectations of rapid deployment and alignment with Northern Offshore's plans," said Tony Beebe, SVP Project Management & Engineering. "We expect these solutions and technologies will allow us to optimize our operations for greater efficiency and increased financial performance."

RigNet is providing an advanced VSAT solution with voice and high-speed data communications as well as 24/7 remote network monitoring and technical support. This will be combined with RigNet's ECS offering, an improved data and system security solution with real-time threat detection, as well as an advanced conditional access system tailored for 3rd-party partners on offshore rigs.

In addition, RigNet is also providing crew information and entertainment services from its CrewConnect portfolio, including CrewFlix, RigNet's video-on-demand service and Crew Hotspot, a dedicated crew internet access point. The CrewConnect portfolio provides services for improved crew morale in remote locations, enhancing operational efficiency through reduced employee turnover and increased productivity.

"We are very pleased that Northern Offshore recognizes the value of RigNet as we enable their success across these vessels in the region," said Steven Picket, President and Chief Executive Officer of RigNet. "Our goal is to deliver comprehensive managed communications services to meet the needs of customers like Northern Offshore as they improve efficiency, productivity, and safety while lowering overall cost."

### Forward Looking Statements

This press release includes "forward-looking statements" within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995 – that is, statements related to the future, not past, events. Forward-looking statements are based on the current expectations and include any statement that does not directly relate to a current or historical fact. Our ability to deliver services, improve crew morale, provide data security and detect threats, and enable our customer's efficiency and financial results are examples of forward looking statements and contain words such as "anticipate," "believe," "intend," "will," "expect," "plan" or other similar words. These forward-looking statements involve certain risks and uncertainties, including those risks set forth in Item 1A – Risk Factors of the Company's most recent 10-K filing, and ultimately may not prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. For further discussion of risks and uncertainties, individuals should refer to RigNet's SEC filings. RigNet undertakes no obligation and does not intend to update these forward-looking statements to reflect events or circumstances occurring after this press release. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. All forward-looking statements are qualified in their entirety by this cautionary statement.
