PROXY STATEMENT

2014 Annual Meeting of Stockholders

INFORMATION ABOUT THE MEETING, VOTING AND PROXIES

Date, Time and Place of Meeting

Our Board of Directors is asking for your proxy for use at the RigNet, Inc. 2014 Annual Meeting of Stockholders (the "Annual Meeting") or at any adjournments or postponements thereof. The Annual Meeting will be held on Friday, May 9, 2014, at 10:00 a.m., Central Daylight Time, at RigNet's corporate office at 1880 S. Dairy Ashford, Suite 300, Houston, Texas 77077. We have first released this proxy statement to our stockholders beginning on or about April 1, 2014.

Proposals

At our 2014 Annual Meeting of Stockholders, we are asking our stockholders to consider and act upon proposals to: (1) elect nine directors to serve until our 2015 Annual Meeting; (2) ratify the appointment of Deloitte & Touche LLP as our independent auditor for the fiscal year ending December 31, 2014; and (3) approve, as an advisory vote, the compensation of named executive officers.

Record Date, Outstanding Shares and Quorum

Only stockholders of record at the close of business on March 21, 2014 (the "Record Date") are entitled to notice of, and to vote at the Annual Meeting. As of the Record Date, there were 17,357,439 outstanding shares entitled to vote at the Annual Meeting. The presence, in person or by proxy, of the holders as of the Record Date of a majority of our outstanding shares is necessary to constitute a quorum for purposes of voting on the proposals at the Annual Meeting. Withheld votes will count as present for purposes of establishing a quorum on the proposals.

If by the date of the Annual Meeting we do not receive sufficient shares to constitute a quorum or approve one or more of the proposals, the Chair of the Annual Meeting, or the persons named as proxies, may propose one or more adjournments of the Annual Meeting to permit further solicitation of proxies. The persons named as proxies would typically exercise their authority to vote in favor of adjournment.

Voting

If you are a holder of our common stock, you are entitled to one vote at the Annual Meeting for each share that you held as of the Record Date. Cumulative voting for directors is not permitted. The Inspector of Elections appointed for the Annual Meeting will tabulate all votes.

You may vote in person at the Annual Meeting or by proxy. Even if you plan to attend the Annual Meeting, we encourage you to vote your proxy card in advance of the Annual Meeting. If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot at the meeting. However, please note that if your shares are held in "street name" (in the name of a broker or by a bank or other nominee), you are considered the beneficial owner of these shares and proxy materials are being forwarded to you by your broker or nominee, which is considered, with respect to these shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker how to vote; however, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain from your brokerage firm an account statement, letter or other evidence satisfactory to us of your beneficial ownership of the shares. Please vote your proxy by mail as soon as possible so that your shares may be represented at the Annual Meeting.

[Table of Contents](#)

You may also attend the Annual Meeting via the Internet and vote during the Annual Meeting. To vote during the Annual Meeting via the Internet, you will need to follow the instructions on your proxy card and have the information available on your proxy card in order to access the Annual Meeting online.

Revoking Your Proxy

If you submit your proxy by mail, you may still revoke it at any time before voting takes place at the Annual Meeting. If you are the record holder of your shares and wish to revoke your proxy, you may revoke it as follows: (i) by delivering, before or at the Annual Meeting, a new proxy with a later date; (ii) by delivering, on or before the business day prior to the Annual Meeting, a notice of revocation to our Corporate Secretary at the address set forth in the notice of the Annual Meeting; (iii) by attending the Annual Meeting and voting, although your attendance at the Annual Meeting, without actually voting, will not by itself revoke a previously granted proxy; or (iv) if you have instructed a broker to vote your shares, you must follow the directions received from your broker to change those instructions.

If you sign and return your proxy card but do not give any voting instructions, your shares will be voted in favor of the election of each of the director nominees listed in Proposal 1 and in favor of Proposals 2 and 3. As far as we know, no other matters will be presented at the Annual Meeting. However, if any other matters of business are properly presented, the proxy holders named on the proxy card are authorized to vote the shares represented by proxies according to their judgment.

Soliciting Proxies

RigNet will pay all expenses of soliciting proxies to be voted at the Annual Meeting. After the proxies are initially distributed, RigNet and its officers, directors and employees (who will not receive any additional compensation for any solicitation of proxies) may also solicit proxies by mail, electronic mail, telephone or in person. We will ask brokers, custodians, nominees and other record holders to forward copies of the proxy materials to beneficial owners for whom they hold shares.

Annual Report on Form 10-K and Additional Materials

The Notice of Annual Meeting, this Proxy Statement and our Annual Report for the year ended December 31, 2013 have been made available to all stockholders entitled to vote at the Annual Meeting. These materials may also be viewed at "<https://materials.proxyvote.com/766582>".

Unless the context requires otherwise, the terms "RigNet," the "Company," "our," "we," "us" and similar terms refer to RigNet, Inc., together with its consolidated subsidiaries.

OUR BOARD OF DIRECTORS AND NOMINEES

Our Board of Directors currently consists of ten directors, each of whom has a term that expires at the Annual Meeting. Each of our current Board members has been nominated to stand for re-election at the Annual Meeting, except for Kevin Neveu, who will not be standing for re-election as a member of our Board. Upon the expiration of Mr. Neveu's term as a director at the Annual Meeting, the number of directors that will constitute our Board will be decreased from ten to nine. Each director elected at the Annual Meeting to our Board of Directors will serve in such capacity until his or her term expires at our next annual meeting or his or her successor has been duly elected and qualified, subject to their earlier death, resignation or removal. All directors, other than our Chief Executive Officer ("CEO"), Mark Slaughter, were "independent directors" and met the independence requirements under the listing standards of the NASDAQ. There are no family relationships among any of our directors or executive officers.

At the Annual Meeting, our stockholders will consider and act upon a proposal to elect nine directors to our Board of Directors to serve until the 2015 Annual Meeting of Stockholders. Each of the nominees has consented to serve as a director if so elected. The persons named as proxies in the accompanying proxy card, who have been designated by our Board of Directors, intend to vote **FOR** the election of the director nominees unless otherwise instructed by a stockholder in a proxy card. If these nominees become unable for any reason to stand for election as a director, the persons named as proxies in the accompanying proxy card will vote for the election of such other person or persons as our Board of Directors may recommend and propose to replace such nominee or nominees.

Composition of the Board of Directors

Our Board of Directors currently consists of ten members, nine of whom are non-employee members. Mr. Slaughter, who serves as the CEO and President, also serves as a director. Each director holds office until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. Our by-laws permit our Board of Directors to establish by resolution the authorized number of directors. Upon the expiration of Mr. Neveu's term as a director at the Annual Meeting, the number of directors that will constitute our Board will be decreased from ten to nine.

With respect to the Annual Meeting, we have nine nominees and nine available board seats. A board member may be removed outside of the normal election process for cause by the affirmative vote of the holders of a majority of the shares then entitled to vote at an election of our directors. Each properly executed proxy received in time for the Annual Meeting will be voted as specified therein. The nine nominees receiving the most votes cast at the Annual Meeting will be elected to our Board of Directors.

Board Leadership Structure and Role in Risk Oversight

Currently, we separate the role of Chairman and Chief Executive Officer. In addition, each of the committees of our Board is presently chaired by an independent director. The Chief Executive Officer is responsible for setting the strategic direction for the company and the day to day leadership and performance of the company, while the Chairman of the Board provides guidance to the Chief Executive Officer, approves the agenda for Board meetings, and presides over meetings of the full Board. The independent members of the Board also regularly meet in executive session without management present. The Board believes this separation is appropriate at this time because of our public status. Our Board does not have a policy on whether or not the roles of Chairman of the Board and Chief Executive Officer should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee or former employee. The Board believes that it should be free to make a choice from time to time in any manner that it believes is in the best interests of our Company and our stockholders at that time.

The Board actively oversees management, particularly through regular conferences between the Chief Executive Officer and the Chairman. The Board reviews the Chairman of the Board position annually after the annual meeting of stockholders. The Board seeks to assess major risks facing our Company and options for their mitigation in order to promote our stockholders' and other stakeholders' long-term interests. The Board oversees risk by actively reviewing material management decisions in this area and through the Corporate Governance and Nominating Committee, which actively monitors enterprise risk. The Board regularly reviews risk management practices in such areas as credit risk, liquidity risk, operational risk and compliance risk by obtaining detailed reports from management,

continuous dialogues with management, and providing input on material corporate decisions in these areas. The Board, primarily through the Audit Committee, also reviews financial and accounting risks through regular meetings with our outside independent accounting firm. The Board, primarily through the Corporate Governance and Nominating Committee, also reviews the assessment and implementation of risk-based controls for our business activities which involve material risk to us and our stockholders. The Board, primarily through the Compensation Committee, also reviews risks associated with our compensation plans and arrangements. The extent of the Board's oversight function has the effect of solidifying the Board's leadership structure by providing knowledge and input into material risk decisions.

Director Independence

Our Board of Directors has reviewed the independence of each director and considered whether any director had or has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our Board of Directors has determined that Messrs. Browning, Caprioli, Davis, de Vibe, Mulloy, Neveu, O'Hara, Olsen, and Whittington qualify as "independent" in accordance with the published listing standards of the NASDAQ. Mr. Slaughter is not independent by virtue of his role as CEO and President of our Company.

In addition, the members of the Audit Committee of our Board of Directors each qualify as "independent" under standards established by the Securities and Exchange Commission ("SEC") and NASDAQ for members of audit committees, and the Audit Committee includes at least one member who is determined by our Board of Directors to meet the qualifications of an "audit committee financial expert" in accordance with SEC rules. Mr. Browning and Mr. Whittington are independent directors who have been determined to be audit committee financial experts. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Browning's and Mr. Whittington's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose on them any duties, obligations or liability that are greater than are generally imposed on them as members of the Audit Committee and Board of Directors, and their designation as audit committee financial experts pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

In addition, the members of the Compensation Committee of our Board of Directors each qualify as "independent" under standards established by the SEC and NASDAQ for members of compensation committees.

Policy Governing Director Qualifications and Nominations

Our Company seeks directors who possess, at a minimum, the qualifications and skills described below as set forth in our Policy Governing Director Qualifications and Nominations. Our Company considers diversity in its nomination of directors, and in its assessment of the effectiveness of the Board and its committees. In considering diversity, we evaluate each director candidate in the context of the overall composition and needs of our Board, with the objective of recommending a group that can best manage the business and affairs of the Company and represent stockholder interests using its diversity of experience. Our Corporate Governance and Nominating Committee will consider these and other qualifications, skills, and attributes when recommending candidates to our Board.

At a minimum, our Corporate Governance and Nominating Committee must be satisfied that each Committee-recommended nominee meets the following minimum qualifications:

- The candidate shall exhibit high standards of integrity, commitment, and independence of thought and judgment.
- The candidate shall be committed to representing the long-term interests of our Company's stockholders.
- The candidate shall have sufficient time and availability to devote to the affairs of our Company, particularly in light of the number of boards on which the nominee may serve.
- To the extent the candidate serves or has previously served on other boards, the candidate shall have a demonstrated history of contributing at board meetings.
- The candidate meets any other minimum qualifications and other criteria for Board membership approved by our Board from time to time.

[Table of Contents](#)

In addition to the minimum qualifications for each candidate set forth above, our Corporate Governance and Nominating Committee shall recommend that our Board select persons for nomination to help ensure that:

- A majority of the Board is “independent” in accordance with the standards, if any, promulgated by the SEC, or any exchange upon which securities of our Company are traded, and any governmental or regulatory body exercising authority over our Company.
- Each of our Audit, Compensation, and Corporate Governance and Nominating Committees are comprised entirely of independent directors.
- At least one member of our Audit Committee shall have such experience, education and other qualifications necessary to qualify as an “audit committee financial expert” as defined by the rules of the SEC.

In addition to any other standards our Corporate Governance and Nominating Committee may deem appropriate from time to time for the overall structure and composition of our Board, the Committee may consider the following factors when selecting and recommending that our Board select persons for nomination:

- Whether the candidate has direct experience in our Company’s industry or in the markets in which our Company operates.
- Whether the candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience.
- Whether the candidate has experience at a strategic or policymaking level in a business, government, non-profit or academic organization of high standing.
- Whether the candidate is accomplished in his or her respective field, with strong credentials and recognition.
- Whether the candidate is well regarded in the community.

Communications to Our Board of Directors

Our Board of Directors has a process in place for communication with stockholders. Stockholders should initiate any communications with our Board in writing and send them to our Board of Directors c/o William Sutton, Senior Vice President, General Counsel and Corporate Secretary, RigNet, Inc., 1880 S. Dairy Ashford, Suite 300, Houston, Texas 77077-4760. All such communications will be forwarded to the appropriate directors. If a stockholder wishes for a particular director or directors to receive any such communication; the stockholder must specify the name or names of any specific Board recipient or recipients in the communication. Communications to our Board of Directors must include the number of shares owned by the stockholder as well as the stockholder’s name, address, telephone number and email address, if any.

Meetings of Our Board of Directors and Attendance at Annual Meetings

Each member of our Board of Directors is expected to attend our annual meetings of stockholders. Each person who was a director at the time of our 2013 annual meeting of stockholders attended such meeting.

Committees of Our Board of Directors

Our Board of Directors currently has standing Audit, Compensation, Corporate Governance and Nominating and Corporate Development Committees. Each member of the Audit, Compensation and Corporate Governance and Nominating Committee is an independent director in accordance with the NASDAQ listing standards described above and applicable SEC regulations. Our Board of Directors has adopted a written charter for each of these Committees, which sets forth each Committee’s purposes, responsibilities and authority. These committee charters are available on our website at “<http://investor.rig.net/governance.cfm>”.

These include input from directors, management, professional search firms and others that the Committee feels are reliable.

Stockholders may recommend director candidates for consideration by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee will consider such suggestions made by stockholders in the same manner as other candidates. Davis (Chairman), Caprioli, de Vibe, Mulloy and Whittington.

Report of the Audit Committee

The Audit Committee oversees the financial reporting process of the Company on behalf of its Board of Directors. Management has the primary responsibility for the preparation of the financial statements and the reporting process, including the systems of internal control.

With respect to the financial statements for the year ended December 31, 2013, the Audit Committee reviewed and discussed the financial statements of RigNet, Inc. and the quality of financial reporting with management and the independent auditor. The Audit Committee received the written disclosure and the letter from the independent auditor required under applicable requirements including Auditing Standard No. 16, *Communication with Audit Committees*, as established by the Public Company Accounting Oversight Board. Additionally, the Audit Committee has discussed with the independent auditor their independence with respect to the Company. The Audit Committee determined that the non-audit services provided to RigNet by the independent auditor (discussed below under "Proposal Two: Ratification of Independent Public Accountants") are compatible with maintaining the independence of the independent auditor.

Based on the reviews and discussions described above, the Audit Committee recommended to our Board of Directors that the financial statements of RigNet, Inc. be included in the Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.

DIRECTOR COMPENSATION

The following summarizes the compensation of each non-employee member of our Board of Directors for the fiscal year ended December 31, 2013. Our CEO is also a board member. Since he is an employee of the Company, he does not receive additional compensation specifically related to his service on our Board of Directors. In addition, Mr. Caprioli does not receive any compensation for his role as a member of our Board of Directors due to his affiliation with KKR, a holder of over 25% of our outstanding shares of common stock.

Our Board of Directors has implemented a compensation policy applicable to our non-employee directors, which provides those directors the following compensation for board and committee services:

- an annual retainer paid in cash in an amount equal to \$9,000 per quarter;
- an annual equity award of restricted stock in an amount to be approved by the Board or, at the option of our Company, an equivalent payment in cash;
- \$1,500 for each Board meeting attended in person if traveling within North America or telephonically or \$4,500 for each meeting attended in person if traveling from outside North America; and
- \$1,000 for each committee meeting attended.

In addition, this compensation policy provides that the chairman of our Audit Committee will receive an additional annual retainer of \$10,000; the chairman of the Compensation Committee will receive an additional annual retainer of \$7,500; the chairman of the Corporate Governance and Nominating committee will receive an additional annual retainer of \$5,000; the chairman of the Corporate Development committee will receive an additional annual retainer of \$5,000; and the non-executive chairman of the Board of Directors will receive an additional annual retainer of \$50,000. Retainers and meeting fees are paid at the end of each quarter on a pro rata basis for any partial service periods.

The following table summarizes the compensation of each non-employee member of our Board of Directors in 2013:

Each director received one equity award in 2013 and the grant date fair value is reflected in the table above. Information about the assumptions used to value these awards can be found in Note 11 to the consolidated financial statements in the Form 10-K for the fiscal year ended December 31, 2013. As of December 31, 2013, each independent director had 2,140 shares of restricted stock outstanding.

The table above reflects all compensation received by our independent directors during 2013. The Company does not provide a pension plan for non-employee directors. None of the directors received preferential, above-market earnings or deferred compensation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis addresses the following topics:

- the role of our Compensation Committee in establishing executive compensation;
- our process for setting executive compensation;
- our compensation philosophy and policies regarding executive compensation; and
- our compensation decisions for fiscal year 2013 with respect to our named executive officers.

This section of the proxy also describes the compensation paid to our 2013 named executive officers:

- Mark Slaughter – Chief Executive Officer and President
- Martin Jimmerson – Senior Vice President and Chief Financial Officer
- William Sutton – Senior Vice President, General Counsel & Corporate Secretary
- Hector Maytorena – Group Vice President, Eastern Hemisphere
- James Crenshaw – Group Vice President, Western Hemisphere

The compensation programs described, however, apply more broadly to other officers and management personnel at the Company, with appropriate changes to reflect different levels and types of responsibility. The Company believes this approach helps to align RigNet employees into a unified team committed to the Company's corporate objectives.

The Compensation Committee

The Compensation Committee of the Board of Directors (the "Compensation Committee" or "Committee") assists the Board in fulfilling its duties relating to compensation matters. The fundamental responsibilities of the Committee are to:

- develop RigNet's compensation objectives and philosophy;
- review and oversee the incentive compensation and equity plans;
- review performance goals, objectives and policies relevant to executive compensation;
- review performance goals, objectives and policies relevant to Board compensation;
- evaluate executive performance in light of those goals to determine compensation levels;
- review and make recommendations for Board compensation levels;
- review and recommend compensation levels and awards under incentive compensation plans that are consistent with our compensation philosophy and the performance of our Company, its senior management, employees and the Board;
- review and approve disclosures relating to compensation; and
- oversee succession planning for the CEO and our named executive officers.

The Compensation Committee may form and delegate its authority to one or more subcommittees as it deems necessary or advisable from time to time, provided, that any such subcommittee must report any actions taken by it to the full Compensation Committee at its next regularly scheduled meeting.

The Board approves all compensation plans and compensation arrangements for our named executive officers based upon Compensation Committee recommendations.

[Table of Contents](#)

The Compensation Setting Process

Our Compensation Committee holds regularly scheduled meetings which coincide with our Board meetings. It also holds additional meetings as required to carry out its duties. The Committee Chairman works with our management to establish each meeting agenda.

At its meetings, the Committee:

- reviews and updates the Company's compensation strategy and objectives;
- considers and reviews changes in compensation elements for the upcoming year;
- reviews actual results compared to the pre-established performance metrics for the current year to determine annual cash incentive awards for our named executive officers and total awards authorized;
- reviews equity awards, either in the form of restricted stock grants or stock option awards or both;
- reviews company performance metrics under our short-term incentive compensation plans for the upcoming year;
- reviews Board performance and evaluates the compensation paid to our independent directors and makes recommendations for adjustments, if any, to the Board; and
- reviews the performance of our CEO.

Role of Compensation Consultant

The Committee's Charter grants the Committee the sole and direct authority to retain and terminate compensation advisors and to approve their fees. All such advisors report directly to the Compensation Committee and all assignments are directed by the Committee Chairman. In 2013, the Committee engaged Pearl Meyer & Partners ("Pearl Meyer"), as the Committee's independent compensation consultant to assist the Committee in assessing and determining competitive compensation packages for our named executive officers and directors.

In this capacity, Pearl Meyer has at the Committee's request and under the direction of the Committee Chairman, assembled information regarding:

- identification of an updated and expanded peer group of companies;
- compensation trends in the telecommunication and oil and gas service industries;
- relative compensation for similarly-situated executive officers within peer group companies or other companies with revenues, transactions or growth trends comparable to our Company; and
- relative compensation for similarly-situated independent board directors of the peer group companies or other companies with revenues, transactions or growth trends comparable to our Company.

While the Committee relies on data provided by our independent compensation consultant or Equilar, Inc., a provider of executive compensation information based on publicly available information contained in SEC filings, it also considers a number of other factors including:

- performance of the executive;
- historical compensation levels;
- specific role the executive plays within our Company; and
- changes in scope, roles and responsibilities.

In March 2013, we relied primarily on published general industry compensation survey data providing average annual market increases in the various geographies in which we operate. We used this data to adjust a prior-year, peer group study and considered data from Equilar, Inc. to provide our Compensation Committee adequate data for establishing 2013 compensation levels. In considering the prior-year, peer group survey, we adjusted our previously established peer group removing entities that no longer met peer group criteria or where data was no longer available, which included Bronco Drilling Company, Bigband Networks and FiberTower Corp. As such, the peer group used in establishing 2013 base and target incentive compensation consisted of the following fourteen companies: Anaren Inc., Cbeyond Inc., Cogent Communications Group, Communications Systems Inc., Digi International Inc., Dawson Geophysical Company, 8X8 Inc, Geospace Technologies Corp., inContact Inc., Kvh Industries Inc., Meru Networks Inc., Shoretel Inc., TGC Industries, Inc. and Union Drilling Inc. In addition in early 2013, a secondary peer group was internally developed to provide our Compensation Committee with additional

[Table of Contents](#)

data obtained through Equilar. This peer group was selected based on industry classification, company market value and revenue levels. This additional peer group included: Approach Resources Inc., Crimson Exploration Inc., Delta Petroleum Corporation, GMX Resources Inc., Mangum Hunter Resources Corporation, Mitcham Industries Inc., Natural Gas Services Group Inc., PrimeEnergy Inc., Rex Energy Corporation, Union Drilling Inc. and Warren Resources Inc. Data for this additional peer group was obtained from Equilar, Inc. and was considered by our Compensation Committee in establishing 2013 compensation levels.

During 2013 with the assistance of our independent compensation consultant, we updated our compensation peer group reflecting changes in our global company, the industry and our size as a public company to include the following twenty-one companies: Cal Dive International Inc., Calix Inc., Cbeyond Inc., Cogent Communications Group, Dawson Geophysical Company, 8X8 Inc, Forbes Energy Services, Hombeck Offshore Services, Globecomm Systems Inc., Global Geophysical Services Inc., Gulf Island Fabrication Inc., GulfMark Offshore Inc., inContact Inc, Iridum Communications, Kvh Industries Inc., Magnum Hunter Resources Corporation, Rex Energy Corporation, Shoretel Inc., Tesco Corporation, TETRA Technologies Inc. and Vantage Drilling Company. We selected these companies because they were public companies of similar size and headcount, and they serve the geographies and customer bases in which we operate and compete for senior management personnel. During 2013, we obtained a compensation peer group study from Pearl Meyer for our executive officers and directors, which provided specific input on cash and equity compensation levels and ranges. This data was used to adjust 2013 MIP bonus levels and establish 2014 base and target incentive compensation. See “Determining the Amount of Each Element of Compensation – Base Compensation” below.

Role of Chief Executive Officer in Executive Compensation Decisions

Our Compensation Committee seeks input from the CEO, when discussing the performance of and compensation levels for our named executive officers other than himself. Mr. Slaughter provides information related to each named executive officer’s performance to support the Compensation Committee’s decision-making on executive compensation.

Our Executive Compensation Program

Compensation Objectives

Our executive compensation program is designed to encourage our executives to focus on building long-term stockholder value, maximizing growth consistent with our strategic plan and delivering strong financial results. Our executive compensation program is intended to align the interests of our named executive officers with those of our stockholders by motivating our named executive officers to achieve strong financial and operating results, as well as further our strategic growth initiatives, which we believe closely correlate to long-term stockholder value. This pay-for-performance based alignment of interests is reflected through each named executive officers’ total compensation.

Our Compensation Committee reviews our executives’ total compensation elements on an annual basis taking into consideration any changes in position or responsibilities. In the event of material changes in position, responsibilities or other factors, the Compensation Committee may consider changes in base pay during the year. In addition to changes in position or responsibilities, the Committee primarily considered:

- peer data provided by our outside consultants;
- industry published data; and
- internal review of the executive’s compensation, both individually and relative to other executive officers.

Compensation Philosophy

Executive base compensation is expected to be between the 25th percentile and the median for our peer group, adjusted for each individual’s education, experience, performance and potential. In addition, our executives can earn short-term incentive compensation in support of our pay-for-performance philosophy. Through equity compensation, our executives have a significant portion of compensation “at risk” and accordingly have a potential for earning above the median of our peer group. “At risk” means executives will not realize value unless they meet performance goals, the majority of which are tied to Company financial, operational and strategic goals, which we believe closely correlate to long-term stockholder value creation.

[Table of Contents](#)

Our compensation program provides for the following elements:

- base salaries - designed to allow us to attract and retain qualified candidates in a highly competitive market;
- short-term incentive compensation - provides additional cash compensation or bonus designed to support our pay-for-performance philosophy based on the achievement of annual financial and personal goals;
- long-term incentive compensation - intended to reward executives for equity value growth to align executive interests with our stockholders' interests to grow long-term value and incentivize retention; and
- benefits package - available to all of our employees, including our executives in the respective region.

Our Compensation Committee's review of compensation over the long-term, targets total direct compensation (including base salary and short-term incentive cash compensation) for all named executive officers at approximately the median of compensation paid to similarly situated executives of the companies comprising our compensation peer group. As more fully described below under "Determining the Amount of Each Element of Compensation", the Committee reviews base compensation for named executive officers compared to the 25th percentile to median range of our peer group and available industry data. The Committee again is seeking over the long-term to place more compensation "at risk" by setting 1) base salaries and management incentive targets within the 25th percentile and median and 2) awards under our 2010 Omnibus Plan above the median of our peer group.

Risk Assessment of Compensation Programs

We review our compensation programs company-wide to assess whether they encourage our employees to take unnecessary or excessive risks that could have a material adverse effect on our business. We have concluded that our programs are appropriately tailored to encourage employees to grow our business, but not incent them to do so in a way that poses unnecessary or excessive material risk to us. For example, our Management Incentive Program ("MIP") and our long-term incentive compensation, which are our two primary performance-based compensation programs, balance each other by providing compensation that rewards short-term and long-term performance. The MIP balances risk by considering a mix of performance goals, capping the maximum payout a participant can receive and allows the Compensation Committee to approve the final amount of all bonuses, while the long-term incentive awards are equity-based awards that have four year vesting schedules to encourage a focus on long-term growth and support management retention. In addition, we have various policies, such as our clawback policy, anti-hedging policy and executive equity ownership policy that are designed to discourage undue risk-taking or manipulation of results. In addition, the MIP portion of the executives' compensation is not so large as to encourage undue risk-taking or manipulation of results at the risk of the long-term health of our Company.

Influence of Say on Pay Results on Executive Compensation Decisions

We and our Compensation Committee are attentive to the outcome of the stockholder "Say on Pay" vote. At the Company's 2013 annual stockholder meeting, 13,582,320 votes were cast for approval of the proposal and 8,576 votes were cast against approval. As such, the Committee did not change any practices or programs as a result of the 2013 meeting's "Say on Pay" vote outcome.

Elements of Our Executive Compensation Program

We look at the total compensation value in determining the appropriateness of our executive remuneration program. Total compensation includes various cash and non-cash elements that offer immediate, short-term and long-term value.

Base Salary

Our Compensation Committee reviews our executives' base salaries on an annual basis taking into consideration any changes in position or responsibilities. We utilize base salary as the primary means of compensation for performing the essential elements of an executive's job. We believe our base salaries are set at levels between the 25th percentile and the median for our peer group, adjusted for each individual's education, experience, performance and potential, which allow us to attract and retain executives in competitive markets.

[Table of Contents](#)

Short-term Incentive Compensation

Our executives are eligible for short-term incentive compensation in the form of an annual cash bonus through our MIP. The MIP is intended to incentivize our executives to meet our corporate and regional objectives and compensate them for achieving these objectives. In addition, our short-term incentive pay compensation is intended to reward and incentivize our executives for their personal performance relative to individual objectives. No bonus will be paid if the Company does not achieve 85.0% of either the annual Revenue or Adjusted EBITDA target. Since our financial targets are stretch targets, we believe in paying smaller bonuses if we achieve at least 85.0% of our target and larger bonuses if we exceed the target level to reward performance above the target levels, up to a maximum individual amount, but unlimited as to any single metric. Total MIP funding is based on actual consolidated performance against the annual Revenue and Adjusted EBITDA targets. We define Adjusted EBITDA as earnings before interest, taxes, depreciation and amortization as adjusted to exclude amounts for the impairment of goodwill, gain (loss) on retirement of property and equipment, changes in the fair value of derivatives and stock-based compensation expense.

Once the bonus is determined, the CEO, for other than himself, has discretion to increase or decrease the bonus by up to 25.0% based upon the achievement of personal objectives and the CEO's judgment of the executive's relative contribution to results, subject to Compensation Committee and Board approval. For the CEO's bonus opportunity, the Board has discretion to increase or decrease the bonus by as much as 25.0%. Individual payouts under the MIP cannot exceed 2.5 times target payout. Further, total short-term incentive compensation payouts for all employees as a group, excluding sales commissions, are limited to the total budgeted target bonuses at the beginning of the year adjusted for actual company performance against the annual Revenue and Adjusted EBITDA targets.

Short-term incentive compensation is determined based on the following performance metrics:

- Management EBITDA (a non-U.S. GAAP measure) which is our Adjusted EBITDA further adjusted based on budgeted exchange rates, post acquisition re-organization costs and any other centrally agreed-upon exceptional items.
- Revenue, which we define as gross revenue less credits and uncollectible billings as reported in accordance with U.S. GAAP.

The following multiplier table was used to determine each executive's bonus formula:

Target Bonus Weighting	Target Multiplier	
	Revenue	Management EBITDA
Percentage of Plan:	<u>40.0%</u>	<u>60.0%</u>
125%	2.500	2.500
120%	2.200	2.200
115%	1.900	1.900
110%	1.600	1.600
105%	1.300	1.300
100%	1.000	1.000
95%	0.750	0.750
90%	0.500	0.500
85%	0.250	0.250
Less than 85.0%	-	-

See the table on page 21 of this proxy statement for the application of this matrix for 2013. If the results are between two levels the multiplier will be interpolated on a straight-line basis between those levels.

For our executives, short-term incentive compensation is based on the achievement of financial targets and further adjusted based on the achievement of personal objectives for each individual.

Long-term Incentive Compensation

Long-term incentive compensation is intended to enhance our ability to retain executive talent over a longer period of time, reward long-term efforts that enhance future value of the Company, and provide executives with a form of reward that aligns their interests with those of our stockholders. Our executives may receive long-term incentive awards annually as the Compensation Committee determines consistent with the objectives described above.

Our Compensation Committee does not apply a rigid formula in allocating stock or option awards to executives as a group or to any particular executive. Instead in making awards, the Compensation Committee exercises its judgment and discretion and considers, among other things, the role and responsibility of the executive, competitive factors, personal performance, the amount of stock-based equity compensation already held by the executive, the non-equity compensation received by the executive and the total number of stock and option awards to be granted to all participants during the year.

Our 2010 Omnibus Incentive Plan permits the award of (i) incentive or non-qualified stock options, (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units, (v) performance stock, (vi) performance units, (vii) director awards (viii) annual cash incentive awards, (ix) cash-based awards, (x) substitution awards or (xi) other stock-based awards, as approved by the Board of Directors or its designated committee. Generally awards will vest over four years, with 25.0% of the shares vesting on each of the first, second, third and fourth year anniversary of the grant date assuming continued employment, and expire on the tenth anniversary date of the applicable award agreement, unless terminated earlier. No further awards can be made under our prior equity incentive plans.

Nondiscriminatory Health and Welfare Benefits

Our benefits, such as our basic health benefits, short-term and long-term disability, life insurance, and accidental death and dismemberment insurance are intended to provide a stable array of support to executives and their families throughout various stages of their careers, and these core benefits are provided to all employees based on the regional programs regardless of their individual performance levels. All U.S. employees have the option to participate in the 401(k) plan, which allows participants to defer up to 100.0% of their annual compensation, subject to the cap set by the Internal Revenue Code. Beginning in 2014, we have amended our 401(k) plan to provide for all eligible employees a company matching contribution based on 100.0% of the first 2.0% and 50.0% of the next 4.0% of eligible employee contributions. Employee elective deferrals and employee matching contributions are immediately vested and non-forfeitable upon contribution to the 401(k) plan.

Perquisites

We believe in a simple, straight-forward compensation program. Consistent with the Committee's strategy, no perquisites or other personal benefits have or are expected to exceed \$10,000 annually for any of our named executive officers.

Determining the Amount of Each Element of Compensation

The amount of each element of our compensation program is determined by our Compensation Committee on an annual basis taking into consideration the results of our operations, long and short-term goals, individual goals, and the competitive market for our executives and the experience of our Compensation Committee members with similar companies and general economic factors.

Base Compensation

We utilize our previously established peer group along with a market-based pay philosophy across base pay, short-term incentive compensation and long-term equity awards as described under "The Compensation Setting Process – Role of the Compensation Consultant." On March 5, 2013, our Compensation Committee evaluated data from our peer group and the published survey for average annual market increases and recommended base compensation levels and short-term incentive compensation targets effective April 1, 2013, which were approved by the Board for our named executive officers. Mr. Slaughter's base compensation was increased 10.0% to recognize his increased responsibility resulting from the organic growth of our company, successful completion of the Nesso acquisition, retain his compensation at the 25th percentile of the peer group data and continue to incentivize

Table of Contents

continued achievement of goals. Mr. Jimmerson's base compensation was increased 10.0% and making his compensation at the 33rd percentile compared to our peer group data, to recognize his increased level of responsibilities managing the finances for a larger company, his success integrating the Nessco acquisition, improvements in financial reporting and public company compliance, past experience and to continue to incentivize continued achievement of goals. Mr. Sutton's base compensation was increased 3.0% based on industry average market increases making his compensation at the 33rd percentile based on peer group data, to recognize his level of responsibilities in compliance and risk management, current workload and past experience performing these duties in a public company, as well as to incentivize continued achievement of goals. Mr. Maytorena's base compensation was increased 3.0% based on industry average market increases to recognize his level of responsibility and experience in running the operations of a large geographic region within the company, and incentivize continued achievement of both financial and individual goals. For Mr. Crenshaw, who had not previously been a named executive officer, we evaluated his base compensation compared to other officer level personnel considering his prior experience and his significant level of responsibility for operations and approved his starting base compensation of \$200,000 along with a MIP Bonus target of 50.0% to incentivize achievement of both financial and individual goals.

For 2013, all targeted MIP bonus levels as a percentage of base salary were retained at 2012 levels as presented in the table below, which represent the midpoint of the range of our peer group annual incentive target percentages for Messrs. Slaughter, Jimmerson, and Sutton and at a level equitable for their responsibilities when compared to other officers of our Company for Mr. Maytorena and Mr. Crenshaw. For 2013, the Target Multipliers presented under "Elements of Our Executive Compensation Program – Short-term Incentive Compensation" reflects 2013 modifications that significantly reduced the multipliers for achievement of percentages less than 100% of the performance metrics and increased the multipliers for achievements in excess of the performance metrics. Further, the overall short-term incentive annual funding maximum payout formula is now based on the total budgeted target bonuses at the beginning of the year adjusted for actual company achievement against the Revenue and Adjusted EBITDA targets. The maximum individual remained unchanged at 2.5 times target payout. These changes were made to further incentivize overall financial performance of the Company.

Changes in base compensation during 2013 and MIP bonus results are summarized in the following table:

Name	2013 Base Salary	2012 Base Salary	2013 Target MIP Bonus Level	Computed MIP Amount, net of Pool Adjustment	Discretionary Adjustment	2013 MIP Total
Mark Slaughter	\$373,890	\$339,900	\$ 262,784	\$ 407,848	\$ -	\$ 407,848
Martin Jimmerson	282,700	257,000	218,784	185,025	-	185,025
William Sutton	250,000	242,000	172,784	163,192	24,975	188,167
Hector Maytorena	206,000	200,000	137,784	118,428	-	118,428
James Crenshaw	200,000	n/a	137,784	70,240	-	70,240

Short-term Incentive Compensation

The Compensation Committee considers short-term incentive cash compensation targets and performance for our executives annually with distributions typically made during the first calendar quarter of the next year after determination of whether goals have been achieved. The Compensation Committee may adjust an executive officer's short-term incentive cash compensation up to 25.0% based on the individual's performance and contribution to Company results. However, individual payouts under the MIP cannot exceed 2.5 times target payout and an annual short-term incentive compensation funding maximum for all employees as a group.

The following table summarizes the consolidated financial targets and achievement of those targets for 2013 for all named executive officers.

Name	Plan (In Millions)	Actual (In Millions)	Percentage of Plan	Resulting Multiplier
Consolidated Management EBITDA	\$ 55.7	\$ 57.0	102.2%	113.3%
Consolidated Revenue	220.7	223.2	101.1%	106.9%
Mr. Maytorena's Management EBITDA	60.9	63.5	104.3%	125.6%
Mr. Maytorena's Revenue	165.2	168.6	102.0%	112.3%
Mr. Crenshaw's Management EBITDA	24.0	21.1	87.8%	38.8%
Mr. Crenshaw's Management EBITDA	55.4	54.6	98.4%	92.2%

[Table of Contents](#)

The percentage of plan was compared to the table described above in “Elements of Our Executive Compensation Program – Short-term Incentive Compensation” to obtain the target multiplier. The 2013 bonus formula multiplied each executive officer’s potential target bonus as a percentage of their current base salary, adjusted for partial-year employment, multiplied by the sum of (i) 60.0% of the consolidated Management EBITDA multiplier plus (ii) 40.0% of the consolidated revenue multiplier; except that for Mr. Maytorena and Mr. Crenshaw the Management EBITDA and Revenue multipliers were weighted based 70.0% upon performance results from their operational areas of responsibility and 30.0% of the consolidated multipliers. Pursuant to the Company’s bonus programs, the short-term incentive pool for all employees, including the named executive officers, was limited to the annual short-term incentive funding maximum, which resulted in a downward adjustment of 1.73% for all participants’ 2013 incentive payout computations, after any discretionary adjustments. The 2013 short-term incentive compensation payments before discretionary increases, net of the company-wide pool adjustment, are reported in the “Non-Equity Incentive Plan Compensation” column and discretionary increases are reported in the “Bonus” column for 2013 in the Summary Compensation Table.

The Board reviewed and concurred with the CEO’s recommended discretionary adjustment for Mr. Sutton increasing his incentive payout by 15.0% in recognition of his individual achievements including his work on the Inmarsat transaction, guiding our Company through a self-reported compliance matter and successfully settling legal matters during 2013.

Long-term Incentive Awards

Our Compensation Committee typically makes annual grants of equity awards to our employees in connection with its annual review of our employees’ compensation and then throughout the year our Compensation Committee evaluates grants for new hires, promotions or other changes that may warrant additional grants. We do not have any program, plan or practice to time stock or option grants in coordination with the release of material non-public information. Our Compensation Committee uses the trading price of our common stock on the date of grant as the exercise price of option grants.

Grants were made on March 6, 2013 as part of our normal annual review of equity awards and annual compensation to incentivize our executives for the long-term success of our Company. These equity awards were made consistent with our philosophy that such awards should enhance our ability to retain executives and align individual performance with the objectives of our stockholders. In determining the above awards, the number of equity awards for our named executive officers were allocated 30.0% to restricted stock awards and 70.0% to stock options. All awards vest ratably over the next four years. Total equity awards for each individual were determined as the amount that would provide a potential total compensation for 2013 approximating the 75th percentile compared to total direct compensation of our peer group for each position.

Tax and Accounting Implications

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to us and our executives. While we consider the applicable accounting and tax treatment of alternative forms of equity compensation, these factors alone are not dispositive, and we also consider the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

Deductibility of Compensation and Tax Obligations

Our Compensation Committee does not have any policies concerning the payment of tax obligations on behalf of our employees. We are required by law to withhold a portion of every compensation payment we make to our employees. In the case of noncash compensation, that means either (i) we withhold a portion of the noncash compensation payment and pay cash to the appropriate tax authorities or (ii) the employees make a direct cash payment to us in lieu of our withholding a portion of the noncash compensation. All payments to or on behalf of our employees, including tax payments, are considered compensation and are evaluated by our Compensation Committee as part of our overall compensation packages.

[Table of Contents](#)

As part of its role, the Committee reviews and considers the deductibility of executive compensation. Section 162(m) of the Internal Revenue Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to the CEO and each of our next three most highly compensated named executive officers, unless specific and detailed criteria are satisfied. Performance-based compensation, as defined in the Internal Revenue Code, is fully deductible if the programs are approved by stockholders and meet other requirements. We believe that grants of equity awards under our existing stock plans qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to receive a federal income tax deduction in connection with such awards. In general, we have determined that we will not seek to limit executive compensation so that it is deductible under Section 162(m). However, from time to time, we monitor whether it might be in our interests to structure our compensation programs to satisfy the requirements of Section 162(m). We seek to maintain flexibility in compensating our executives in a manner designed to promote our corporate goals and therefore our Compensation Committee has not adopted a policy requiring all compensation to be deductible. Our Compensation Committee will continue to assess the impact of Section 162(m) on our compensation practices and determine what further action, if any, is appropriate.

During 2013, the agreements for Mr. Slaughter and Mr. Jimmerson were amended to remove a provision that would provide a gross-up payment in the event those officers would be subject to excise taxes by Section 4999 of the Internal Revenue Code.

Accounting for Stock-Based Compensation

We account for stock-based payments for all awards under our 2010 Omnibus, 2006 Long-Term Incentive and the 2001 Performance Stock Option Plans in accordance with the requirements of ASC Topic 718, subtopic 10, section 10, *Stock Compensation*. The Committee reviews stock compensation grant date value in connection with granting equity awards.

Clawback Policy

In accordance with the requirements of the Dodd-Frank Act our MIP includes a provision that provides that in the event we are required to restate our publicly filed financial statements for any reason, the Compensation Committee will review all incentive-based compensation awarded to any executive that was based on the restated financial statements and may require that the executive return such compensation to the extent it would have been less based on the restated financial statements. We continue to monitor the rule-making actions of the SEC and NASDAQ with respect to the development, implementation, and disclosure of claw-back policies and procedures. We intend to revise our claw-back provisions/policies in the future as required by applicable law.

Policy Against Hedging

We prohibit our executive officers and directors from engaging in short-term or speculative transactions involving company securities, including activities involving short selling our securities, hedging their ownership in our securities by the purchase or sale of options of any kind, whether puts, calls or other derivative securities, purchasing of company securities in the open market on margin or pledging securities against loans or similar arrangements.

Executive Equity Ownership

We encourage our executives to hold a significant equity interest in our Company. During 2013, we adopted a policy requiring certain executives and directors to hold shares with a value equal to a multiple of their base compensation. Our CEO is now required to hold equity shares of our Company with a value of three (3) times and our CFO is required to hold one and one half (1.5) times their annual base salary. All other executive officers and Board members are required to hold shares with a value equal to their annual base compensation and annual retainers, respectively. It is expected that each director and executive officer shall attain the applicable stock ownership level within five years of his or her first becoming subject to the stock ownership guidelines, which shall be the later to occur of (i) the fifth anniversary of his or her initial election as a director or appointment as an executive officer or (ii) March 6, 2018.

On March 5, 2014, consistent with our market-based pay philosophy, our Compensation Committee reviewed updated peer group compensation data as discussed above under “The Compensation Setting Process – Role of Compensation Consultant” for named executive officers. Using this data and considering each executive’s responsibility related to the current size of our Company, effective April 1, 2014 base compensation levels were approved by the Board for Mr. Slaughter at \$415,000, Mr. Jimmerson at \$288,600, Mr. Sutton at \$262,000, Mr. Maytorena at 245,000, and Mr. Crenshaw at \$230,000. Employment Agreements

Mr. Slaughter

Effective February 20, 2012, we entered into a new employment agreement with Mark Slaughter. Under the terms of the new agreement, we agreed to employ Mr. Slaughter as the CEO and President until he or we decide to terminate his position for any reason.

[Table of Contents](#)

Mr. Slaughter's annual base salary was set at \$330,000, subject to increase from time to time, and he is entitled to an annual target bonus of at least 100% of his annual base salary subject to the terms of our annual bonus plan and payable within four months following the end of the fiscal year to which the bonus relates.

If Mr. Slaughter's employment is terminated for any reason, he is entitled to (i) any earned but unpaid base salary, (ii) any accrued but unused current year vacation up to a maximum of four weeks, plus up to the maximum unused carry-over of vacation provided in our written vacation policy then in effect and (iii) all unreimbursed business expenses incurred by Mr. Slaughter.

Under the agreement, if we terminate Mr. Slaughter's employment without "cause" and other than for death or disability or Mr. Slaughter terminates his employment with us for "good reason", he is entitled to (i) a lump sum cash severance in an amount equal to the sum of twice his then annual base salary and target bonus for the bonus period in which the termination occurs; (ii) COBRA premiums for up to 18 months, with such premiums paid to Mr. Slaughter on a fully grossed-up after-tax basis, if necessary, for Mr. Slaughter not to be subject to tax under Section 105 of the Internal Revenue Code; (iii) a pro-rated amount equal to the annual bonus that would have been paid to Mr. Slaughter had he remained employed through the end of the calendar year in which his employment terminates, to be calculated based on the level of achievement of our financial targets under the MIP at the end of the calendar year; (iv) if applicable, an amount equal to the unpaid annual bonus for the preceding calendar year that would have been paid to executive had he remained employed through the date of the bonus payments under the MIP for the prior calendar year; and (v) outplacement services not to exceed \$20,000.

If Mr. Slaughter's termination is due to death or disability, he is entitled to (i) a pro-rated amount equal to the annual bonus that would have been paid to Mr. Slaughter had he remained employed through the end of the calendar year in which his employment terminates, to be calculated based on the level of achievement of our financial targets under the MIP at the end of the calendar year and (ii) if applicable, an amount equal to the unpaid annual bonus for the preceding calendar year that would have been paid to executive had he remained employed through the date of the bonus payments under the MIP for the prior calendar year. In addition, all equity awards outstanding as of the effective date of his agreement shall automatically vest in full and shall remain exercisable for the term specified in the applicable award agreement.

If Mr. Slaughter's employment is terminated for good reason or his employment is terminated by us for any reason other than cause and such termination occurs within two years on or after a "change of control" as defined in Section 409A of the Internal Revenue Code (a "Change of Control"), all equity awards outstanding as of the effective date of his agreement shall automatically vest in full and shall remain exercisable for the term specified in the applicable award agreement. In addition, if any equity award is not assumed or continued by our successor after a Change of Control, such award shall automatically vest and become exercisable and/or payable on the date of the Change of Control.

On February 11, 2013, Mr. Slaughter's agreement was amended to remove a provision that would provide him a gross-up payment in the event any payment to Mr. Slaughter would be subject to excise taxes by Section 4999 of the Internal Revenue Code.

Mr. Slaughter is subject to restrictive covenants of noncompetition and non-solicitation for a period of 24 months from his termination date.

Under the agreement, "cause" is defined as any of the following: (i) Mr. Slaughter's plea of guilty or nolo contendere, or conviction of a felony or a misdemeanor involving moral turpitude; (ii) any act by Mr. Slaughter of fraud or dishonesty with respect to any aspect of our business including, but not limited to, falsification of our records; (iii) Mr. Slaughter's intentional and continued failure to perform his duties (other than by reason of an illness or a disability); (iv) intentional engagement in misconduct by Mr. Slaughter that is materially injurious to us (monetarily or otherwise); (v) Mr. Slaughter's breach of the confidentiality, noncompetition or non-solicitation provisions of his employment agreement; (vi) commencement by Mr. Slaughter of employment with an unrelated employer; (vii) material violation by Mr. Slaughter of any of our written policies, including but not limited to any harassment and/or non-discrimination policies; (viii) Mr. Slaughter's gross negligence in the performance of his duties; provided, however, that he would not be deemed to have been terminated for cause under clauses (ii) through (viii) above unless the determination of whether cause exists is made by a resolution duly adopted by the affirmative vote of not less than three-fourths of the entire membership of the Board (excluding Mr. Slaughter, if a member) at a meeting of the Board that was called for the purpose of considering such termination (after 15 days' notice to Mr.

Slaughter and an opportunity for Mr. Slaughter, together with Mr. Slaughter's counsel, to be heard before the Board and, if reasonably possible, to cure the breach that is the alleged basis for cause) finding that, in the good faith opinion of the Board, Mr. Slaughter was guilty of conduct constituting cause and specifying the particulars thereof in detail.

Under the agreement, "good reason" means (i) a material adverse change in Mr. Slaughter's position, authority, duties or responsibilities, (ii) a reduction in Mr. Slaughter's base salary or the taking of any action by us that would materially diminish the annual bonus opportunities of Mr. Slaughter from those provided to Mr. Slaughter immediately prior to the effective date of the agreement, (iii) the relocation of the our principal executive offices by more than 50 miles from where such offices are located on the effective date of the agreement or Mr. Slaughter being based at any office other than our principal executive offices, except for travel reasonably required in the performance of Mr. Slaughter's duties and reasonably consistent with Mr. Slaughter's travel prior to the effective date of his agreement, (iv) a material breach of the agreement by us, or (v) the failure of a successor to us to assume the agreement.

Mr. Jimmerson

We also entered into a similar employment agreement with Mr. Jimmerson, our Chief Financial Officer, effective on March 14, 2012. In that agreement, we agreed to employ Mr. Jimmerson as the Chief Financial Officer. The agreement has all of the same terms as Mr. Slaughter's agreement, except that Mr. Jimmerson's initial annual base salary is set at \$250,000, subject to increase from time to time, and his annual target bonus potential is at least 60.0% of his base salary. Under the agreement, if we terminate Mr. Jimmerson's employment without "cause" and other than for death or disability or Mr. Jimmerson terminates his employment with us for "good reason", he is entitled to the same benefits described above for Mr. Slaughter, except that his lump sum cash severance will be in an amount equal to the sum of one and a half times his then annual base salary and target bonus for the bonus period in which the termination occurs. In addition, he is subject to restrictive covenants of noncompetition and non-solicitation for a period of 18 months from his termination date. On February 11, 2013, Mr. Jimmerson's agreement was amended to remove a provision that would provide him a gross-up payment in the event any payment to Mr. Jimmerson would be subject to excise taxes by Section 4999 of the Internal Revenue Code.

Mr. Sutton

We also entered into a similar employment agreement with Mr. Sutton, effective on March 14, 2012. In that agreement, we agreed to employ Mr. Sutton as the Vice President and General Counsel. The agreement has all of the same terms as Mr. Slaughter's agreement, except that Mr. Sutton's initial annual base salary is set at \$235,000, subject to increase from time to time, and his annual target bonus potential is at least 60.0% of his base salary. Under the agreement, if we terminate Mr. Sutton's employment without "cause" and other than for death or disability or Mr. Sutton terminates his employment with us for "good reason", he is entitled to the same benefits described above for Mr. Slaughter, except that his lump sum cash severance will be in an amount equal to the sum of his then annual base salary and target bonus for the bonus period in which the termination occurs. In addition, he is subject to restrictive covenants of noncompetition and non-solicitation for a period of 12 months from his termination date.

Mr. Maytorena

We also entered into a similar employment agreement with Mr. Maytorena, effective on March 14, 2012. In that agreement, we agreed to employ Mr. Maytorena as a Vice President and General Manager. The agreement has all of the same terms as Mr. Slaughter's agreement, except that Mr. Maytorena's initial annual base salary is set at \$180,125, subject to increase from time to time, and his annual target bonus potential is at least 50.0% of his base salary. Under the agreement, if we terminate Mr. Maytorena's employment without "cause" and other than for death or disability or Mr. Maytorena terminates his employment with us for "good reason", he is entitled to the same benefits described above for Mr. Slaughter, except that his lump sum cash severance will be in an amount equal to the sum of his then annual base salary and target bonus for the bonus period in which the termination occurs. PENSION BENEFITS

We do not provide pension benefits for our named executive officers or other employees. Retirement benefits are provided through the Savings Plan discussed below.

NON-QUALIFIED DEFERRED COMPENSATION

We do not have a non-qualified deferred compensation plan and as such, no compensation has been deferred by our named executive officers or our other employees. The Savings Plan is a 401(k) deferred compensation arrangement and a qualified plan under section 401(a) of the Internal Revenue Code (the "Code").

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

Payments Made Upon Termination

Regardless of the manner in which an executive officer's employment terminates, the executive will be entitled to receive amounts earned (but unpaid) during his term of employment. Such amounts include:

- earned, but unpaid base salary;
- target non-equity incentive compensation earned during the fiscal year;
- unpaid non-equity compensation for the preceding year;
- unused vacation pay; and
- amounts contributed and vested through our Savings Plan.

[Table of Contents](#)

If provided for in the executive's employment agreement and their separation is the result of death or "Disability", the executive or his or her estate shall receive the above benefits, any long-term disability benefits and certain unvested equity awards shall immediately vest and become exercisable.

The employment agreements with each of our executives also provide certain benefits if their employment is terminated under various circumstances. See above under "Employment Agreements" for a description of those circumstances and the benefits to which the named executive officers are entitled.

Excise Taxes

During 2013, certain executive officer agreements were amended to remove a provision that would provide a gross-up payment in the event those officers would be subject to excise taxes by Section 4999 of the Internal Revenue Code. Accordingly, for all named executive officers if any benefits payable or otherwise provided under each named executive officer's employment agreement would be subject to the excise tax imposed by Section 4999 of the Code (the "Excise Tax"), we will not pay or otherwise reimburse the executive for, such Excise Tax and any related taxes, fees or penalties thereon.

Quantification of Payments on Termination

The chart below reflects the amount of compensation to each of our named executive officers in the event of termination of such executive's employment pursuant to his employment agreement and our stock compensation plans. The amount of compensation payable to each executive officer upon voluntary termination with "Good Reason," involuntary termination other than for "Cause," termination following a "Change of Control" and the occurrence of the "Disability" or death of the executive is shown below. The amounts shown are calculated assuming that such termination was effective as of December 31, 2013, and thus include amounts earned through such time (other than amounts payable pursuant to our Savings Plan) and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out may only be determined at the time of the executive's actual separation from us.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR THE 2015 ANNUAL MEETING OF THE STOCKHOLDERS

Any stockholder who intends to present a proposal for inclusion in our 2015 proxy statement and form of proxy must submit the proposal, in writing, so that our Corporate Secretary receives it at our principal executive offices, located at 1880 S. Dairy Ashford, Suite 300, Houston, Texas 77077-4760, by December 2, 2014, which is 120 days prior to the one year anniversary of the date this proxy statement is being sent to our stockholders. Any stockholder who wishes to bring a proposal or nominate a person for election to our Board of Directors at the 2015 Annual Meeting of Stockholders must provide written notice of the proposal or nomination to our Corporate Secretary, at our principal executive offices, between January 9, 2015 and February 8, 2015, which is 90 to 120 days prior to the one year anniversary of the upcoming Annual Meeting. In addition, our stockholders must comply with the requirements of the SEC related to nominations and stockholder proposals and the procedural requirements in our bylaws, which stockholders can obtain from us upon request and which are also on file with the SEC or available on our website at "<http://investor.rig.net>".

Our bylaws provide that if a stockholder wishes to nominate a person for election as director (which is separate from simply recommending someone to be considered by our Corporate Governance and Nominating Committee for inclusion on the Company's slate of directors) or to propose other business to be considered at one of our annual meetings of stockholders, that stockholder must follow the procedures contained in our bylaws and satisfy the requirements of Regulation 14A of the Securities Exchange Act of 1934. The stockholder proposing such business or making such nomination must be a stockholder of record of our Company on the date the nomination is delivered to our Corporate Secretary and at the time of our annual meeting and be entitled to vote at the annual meeting. The proposal or nomination must be received by our Corporate Secretary at our principal executive offices not less than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting, except that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder must be delivered not earlier than the close of business 120 days prior to the annual meeting and no later than 90 days prior to such annual meeting or 10 days following our first public announcement of the date of the annual meeting. In addition, if the number of directors to be elected to our Board of Directors at an annual meeting is increased and there is no public announcement by us naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's nomination shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to our Corporate Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which we first make such public announcement. These time periods are designed to allow us time to adequately consider all proposals and nominees.

OTHER MATTERS FOR 2014 ANNUAL MEETING

As of the date of this proxy statement, our Board of Directors knows of no matters to be acted upon at the Annual Meeting other than the proposals included in the accompanying notice and described in this proxy statement. If any other matter requiring a vote of stockholders arises, including a question of adjourning the Annual Meeting, the persons named as proxies in the accompanying proxy card will have the discretion to vote thereon according to their best judgment of what they consider to be in the best interests of our Company. The accompanying proxy card confers discretionary authority to take action with respect to any additional matters that may come before the Annual Meeting or any adjournment or postponement thereof.

PROPOSAL ONE: ELECTION OF DIRECTORS

Members of our Board of Directors are elected each year at the annual meeting of stockholders. All of our current Board members have been nominated to stand for re-election at the Annual Meeting. Our Corporate Governance and Nominating Committee, consisting solely of independent directors, as determined by our Board of Directors recommended the directors for nomination by our full Board of Directors. Based on that recommendation, our Board of Directors has nominated nine directors for election at the Annual Meeting.

Nominees

The following nine directors have all been nominated to serve on our Board of Directors until the 2015 Annual Meeting of Stockholders: Mark B. Slaughter, James H. Browning, Mattia Caprioli, Charles L. Davis, Ditlef deVibe, Kevin Mulloy, Kevin J. O'Hara, Keith Olsen, and Brent K. Whittington. Each of the nominees has consented to serve as a director if so elected. Each nominee who is elected to our Board of Directors will serve in such capacity until his term expires or his successor has been duly elected and qualified or, if earlier, until such director dies, resigns or is removed.

Directors will be elected by a plurality of the votes cast by the share of common stock present in person or represented by proxy at the Annual Meeting. As a result, the nine nominees with the most votes will be elected. Broker non-votes will have no effect on the outcome of the election of directors.

**Our Board recommends that you vote
"FOR" the election of each of the nominated directors.**

PROPOSAL TWO: RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has selected Deloitte & Touche LLP, an independent registered public accounting firm, to audit our consolidated financial statements for fiscal year 2014. Deloitte & Touche LLP has served as our independent registered public accounting firm since 2007. We are asking the stockholders to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Deloitte & Touche LLP was selected by the Audit Committee in accordance with its charter.

The submission of this matter for ratification by stockholders is not legally required; however, the Audit Committee and Board of Directors believe that such submission is consistent with best practices in corporate governance and is an opportunity for stockholders to provide direct feedback on an important issue of corporate governance. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. The Audit Committee continually monitors the services and fees of the independent registered public accounting firm and even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our Company and our stockholders.

The Audit Committee has approved all services provided by Deloitte & Touche LLP. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement, and is expected to be available to respond to appropriate questions you may ask.

Fees Paid to Independent Registered Public Accounting Firm

The following table reflects fees for professional audit services rendered by Deloitte & Touche LLP for (i) the audit of our financial statements for the years ended December 31, 2013 and 2012; and (ii) fees billed for other services rendered by Deloitte & Touche LLP.

	<u>2013</u>	<u>2012</u>
Audit Fees (1)	\$ 1,121,000	\$ 1,205,000
Tax Fees (2)	1,028,000	603,000
All Other Fees (3)	28,000	-
Total	<u>\$ 2,177,000</u>	<u>\$ 1,808,000</u>

- (1) Audit Fees for 2013 and 2012 consist of professional services and related expenses for the review of interim financial statements and the audit of our annual financial statements.
- (2) Tax Fees include professional services for tax return preparation, uncertain tax position implementation, tax advisory services and income tax audit support.
- (3) Fees include professional consulting services related to strategic restructuring.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

Pursuant to its charter, the Audit Committee of our Board of Directors is responsible for reviewing and approving, in advance, any audit and any permissible non-audit engagement between the Company and its independent auditors. Deloitte & Touche LLP's engagement to conduct the audit of RigNet, Inc. for fiscal 2013 was approved by the Audit Committee on May 1, 2013. All of the services covered under the caption "Audit Related Fees", "Tax Fees" and "All Other Fees" were approved by the Audit Committee and none were provided under the *de minimis* exception of Section 10A of the Securities Exchange Act of 1934, as amended.

We have been advised by Deloitte & Touche LLP that substantially all of the work done in conjunction with its 2013 audit of the Company's financial statements for the most recently completed fiscal year was performed by full-time employees and partners of Deloitte & Touche LLP. The Audit Committee has determined that the provisions of services rendered for all other fees, as described above, is compatible with maintaining independence of Deloitte & Touche LLP.

[Table of Contents](#)

Proposal No. 2 must be approved by a majority of the votes cast on the proposal. Broker non-votes will not affect the outcome of the vote on this proposal but abstentions have the same effect as a vote against this proposal under Delaware law. If the selection of Deloitte & Touche LLP is not ratified accordingly, our Board of Directors will consider whether we should select another independent registered public accounting firm.

**Our Board recommends that you vote
“FOR” the ratification of Independent Public Accountants**

PROPOSAL 3: ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

At the Annual Meeting, the stockholders will vote on a non-binding, advisory resolution regarding the compensation of the Company’s named executive officers.

We believe that our compensation policies and procedures are competitive, focused on pay-for-performance and strongly aligned with the long-term interests of our stockholders. This advisory stockholder vote, commonly known as “Say-on-Pay,” gives you as a stockholder the opportunity to express approval or withhold approval of the compensation we pay our named executive officers through voting for or against the following resolution:

“Resolved, that the stockholders approve the compensation of the Company’s named executive officers as disclosed in the Company’s 2014 proxy statement, which includes the Compensation Discussion and Analysis, the Summary Compensation Table and the other executive compensation tables and related discussion.”

The Company and the Compensation Committee remain committed to the compensation philosophy, policies and objectives outlined under the heading “Compensation Discussion and Analysis” in this proxy statement. As always, the Compensation Committee will continue to review all elements of the executive compensation program and take any steps it deems necessary to continue to fulfill the objectives of the program.

Stockholders are encouraged to carefully review the “Compensation Discussion and Analysis” section of this proxy statement for a detailed discussion of the Company’s executive compensation program.

Because your vote is advisory, it will not be binding upon the Company or the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. We currently conduct annual advisory votes on executive compensation, and we expect to conduct the next advisory vote at our 2015 annual meeting of stockholders.

This proposal must be approved by the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal. Abstentions with respect to the approval of this proposal will have the effect of a vote against this proposal. Broker non-votes will not be counted for the purpose of determining the number of votes necessary for approval of this proposal.

**Our Board recommends that you vote
“FOR” the resolution to approve on an advisory basis
the compensation of RigNet’s named executive officers.**
